Home Mission Conference Gathers In Northfield

The 31st annual Northfield Interdenominational Women's Home Missions Conference began its sessions Tuesday night on the grounds of the Northfield Seminary, when the chairman, Mrs. Virgil B. Sease of Parlin, N. J., introduced the various leaders and speakers. The devotionals are led by Dr. T. W. Graham, D. D., Dean of the Graduate School of Theology, Oberlin, Ohio. A short address was made by Helen M. Brickman, General Secretary of the Women's Board of Domestic Missions of the Reformed Church in America.

"The American Indians" is the theme of the conference. The adult study book is "Facing the Future in Indian Missions" by Lewis Meriam and George W. H. Hinman. Others used are "Indian Americans" by Winifred Hulbert who also wrote "Friendship Fires"; "Many Moons Ago and Now" by Katherine Gladfelter; "Three Arrows" by E. Ryerson Young; "Children of the Great Spirit" by Florence C. Means; and "Indian Playmates of Navajo Land" by Ethel Baader.

The classes started Wednesday morning with Bible study by Dr. Graham; and another class at the same hour by Mrs. Elizabeth Brubaker Dean of the Lucy Webb Hayes Training School, Washington, D. C. At 10.00 each day the adult study book will be taught by Dr. Emily Hickman, Professor of History at the New Jersey College for Women; Helen M. Brickman; Clara E. Schaffner, secretary for Children's work of the N. J. Women's Synodical Missionary Society; Bessie L. Doherty, librarian at the Boston Public Library, will teach a course in Educational Dramatics. "Music in the Missionary Program" is the title of the course given by Marguerite Hazzard, head of the department of church-school music at Union Theological Seminary, New York. "Our Literature" is a course given by Mrs. J. Cartmill. "Ways and Means of Work" is taught by Amy O. Welcher, vice-president of the Council of Congregational Women of Conn. Mrs. Walter S. Stevens of Worcester is the conference organist and choir director.

At noon on Wednesday Dr. John McDowell, Secretary of the Board of Missions of the Presbyterian Church, New York City, spoke on "The Challenge of the Task," and he speaks again next Saturday noon on "Power." Thursday noon Dr. Hickman spoke on "The United States in the 20th Century."

On Friday Mrs. R. C. Mason, Chairman of the Executive Committee of the Conn. Council of International Relations, speaks on "Squaring our Citizenship with our Missionary Program." Sunday morning the speaker at the Auditorium service will be Dean Graham.

The afternoons are devoted to a rest period between 2 and 3; denominational rallies Thursday at 3.30; visiting literature tables; field day at 3.30 Friday; a missionary feast Saturday, entitled "We Would See Jesus," directed by Marguerite Hazzard. Monday afternoon the Northfield Committee will elect officers for the coming year. Round Top services will be held daily. Subsequent speakers listed are "The Spirit of Missions" by Miss A. Bowers; "Sacrifice" by Rachel Renfer of Santa Fe, Mexico; "The Will to Live" by Mrs. Charles Hogg; "The Source of Power" by Dean Graham; and "Joy" by Esther M. Ruer, Young People's Director of the Presbyterian Board of National Missions.

Evening services began Tuesday, the opening night, with a talk by Miss Brickman. "Our Missionaries" was the subject for Wednesday night by Mrs. H. L. Hardy of Boston. "Squaring our Citizenship with our Missionary Program," Thursday night by Mrs. Rachel C. Nason. Friday "China and Japan, the Present Aspect," by Amy O. Welcher. Saturday there will be motion pictures of "Vanishing Frontiers and New Indian Trails."

Sunday night the Rev. J. H. Beech told of the Lutheran City Mission of Philadelphia will speak on "The Threefold Way of the Church." The closing service Monday night, July 11, will be led by Dr. John McDowell, whose topic is "The Dynamic of Home Missions."

Missionary Rally Held; Good Attendance

On Thursday of this week a welcome to the men and women of the local churches was extended by the Interdenominational Women's Home Missions Conference meeting in the Seminary Auditorium, when a special community missions day was enjoyed by those interested in Home Missions. Large delegations came from the various churches in the Connecticut Valley and about Northfield.

A picnic lunch was enjoyed on the lawn of Betsy Moody Cottage at noon, where coffee was served. The second meeting will be in connection with the foreign missionary conference on Thursday July 14th. Mrs. A. G. Moody is Chairman of these gatherings. It is expected that many will remain over for the evening sessions.

Well Known Minister At South Church

Rev. Dr. Frank Oliver Hall, of the Church of the Divine Paternity, New York City, will preach at the Unitarian Church Sunday morning next July 10th. The public is cordially invited to attend this service.

Bad Wreck On C. V. Brattleboro Man Killed

The engineer and conductor of a gasoline passenger car, north-bound on the Central Vermont Railway, were killed and four passengers were injured, three critically Wednesday afternoon in a head on collision with a south-bound freight in the town of Franklin Conn.

The dead: Charles Elmer Pearson, 54, engineer, of Brattleboro, Vt.; John K. Kierce, 60, conductor, of South Londonderry, Vt. The injured: P. W. Porter of 14 Green street, Brattleboro; Leslie W. Hunter of Stafford Springs; Guy W. Hackett of 58 Park street, Palmer, Mass., railway mail clerk, and Stephen Metsach of Williamstic. Hackett, Porter and Metsach are on the danger list at a hospital.

The crew of the freight, extra 468, included J. E. McNamara of Brattleboro, engineer; F. H. Boyce of Melvin Mills, N. H., fireman, and T. H. Clune and J. H. Spaulding, both of Brattleboro, trainmen. All escaped injury.

A preliminary investigation revealed that the passenger car was scheduled to remain at Yantic station, to let the freight pass, but proceeded without clearance.

The last serious accident on the Central Vermont occurred nearly two years ago when a light engine and a freight engine came together in a head on collision near Northfield Farms. The crews of both escaped injury.

A Bad Auto Accident At Bernardston

An automobile accident about 100 yards south of the state line at North Bernardston Monday night resulted in serious injuries for Mrs. Mary Mayette, 73, of 165 South Main street, Brattleboro, Vt., a passenger in the car. The accident occurred when the automobile left the highway and knocked down an iron route marker and a tree three inches in diameter. The car stopped after climbing a small pile of rocks.

Dr. Stetson was called to attend Mrs. Mayette and she was taken to Brattleboro where it was found she had sustained bad bruises of the back and a possible fracture of the spine.

A. Frey Mayette, son of the injured woman, drove the machine. Other passengers in the car were Mayette's wife, and three daughters, Emily, 12, Aurora, 16, and Gloria, nine. They were not injured.

It is reported Mayette started to pass a car traveling in front of him just as it started to pass a third car. Mayette lost control of his vehicle and shot into a field. The front axle and bumper of the machine were sprung and the drag link pulled from the steering knuckle. The car was towed to a Bernardston garage and State Patrolmen Warren E. Mallett and Lawrence W. Irving of the Shelburne Falls barracks investigated.

Wednesday Sessions Problems Of Indians

"Indians in America" was the topic studied by the 26th interdenominational women's home missions conference which started classes Wednesday. Three hundred women from many cities and towns in the Atlantic states are attending the meetings.

Helen M. Brickman, general secretary of the women's board of domestic missions of the Reformed church in America, is teaching a course in the study of the changing conditions, new problems and responsibility to the Indians. She said that the Indian has a great adjustment to make to the white man's civilization. She told of the difficulties in working as individuals rather than as tribes and of their lack of evaluating money or time.

Dean T. W. Graham of the Oberlin Theological school opened his series of Bible addresses by giving the historical background of the Hebrews up to the time of the prophet Amos in the eighth century B. C. Dean Graham pointed out the modern parallel in regard to the dangers of power, luxury and ease gained through quick riches. "The cities of Palestine had poverty and wretchedness as we do," he said. "There was corruption in politics and in the courts then as now. Religious had become rich and ornate, but artificial and hollow. The churches failed to meet the needs of the people."

Dr. John McDowell of the Presbyterian board of foreign missions, spoke on "The Challenge of the Task." The Round-Top service was led by Corinne Bowers, leader of the camp groups. Wednesday evening an introduction of the missionaries was made in Sage chapel by Mrs. Virgil B. Sease, chairman of the conference.

Large Printing Jobs Secured By Herald

From the office of the Northfield Printing Company there was secured recently an edition of 10,000 copies of a house organ, tabloid size, for a Brattleboro establishment and so satisfactorily was work done that another edition of 8,000 is under preparation in our plant. An order has also been received for 5,000 of a four page newspaper publication from a Greenfield merchant for distribution next week. This work is appreciated and makes for a large industrial effort in Northfield.

Successful Dance By Summer Club

Despite adverse weather conditions, the first dance sponsored by the newly organized Northfield Summer Club last Friday evening brought forth a goodly number of local young people.

The committee in charge chose the following patronesses to be present: Mrs. Frank Montague, Mrs. Clarence Steadler, Mrs. Charles Johnson, and Mrs. Frank Pearsall.

Music for the dancing was furnished by Leon Whitney and his six Green Jackets. Club members found this band to be one of the very best appearing in this section. The committee has been very fortunate in again obtaining Mr. Whitney and his music for the next dance. This will be held on Friday evening July 15th at the Town Hall.

It is hoped that all club members and guests will be present on the fifteenth as the future of the club depends on attendance at the first dances.

Nurse Resigns Position Vacant

Northfield is without its district nurse for on Saturday last her resignation was received by the selectmen and has since been accepted. Miss Shirley Towne of Newport, Vermont came to Northfield to take up the work as the Community nurse in September of last year after having been selected from a number of applicants.

It is not thought likely that the position will be filled until fall or at least until school opens.

Garden Party Blessed With Rain

The garden party of the Fortnightly was held last Friday at the home of Mrs. Martin E. Vorce on Main street and despite the gathering clouds and finally a fall of rain a number of members and friends gathered to enjoy the hospitality of Mrs. Vorce's home and allurements of the spacious lawn and fine garden. A series of bridge games was played on the spacious porch and refreshments were served to all. Everybody had a good time and the event was also announced to take in Saturday when more friends called.

Conference Employees Enjoyed A Picnic

Everything was set for a big outdoors picnic of the Conference employees at Northfield Seminary on the Fourth—but the weather man interfered and the pouring rain ended the hope of open air festivities. Instead of a fine grove or the bank of a rushing stream they gathered at the gymnasium and held a program of joyous memory. Pastimes were indulged in and the large swimming pool offered all the sport necessary. A hot luncheon was served and late in the afternoon the picnic suspended but not until all stated that they had thoroughly enjoyed themselves.

Foreign Conference Coming Soon

The conference for Women's Foreign Missionary Societies will convene July 12 to 20 and Northfield will witness another great gathering. The theme of the conference will be "Triumphant Living."

Bible Mission Study, and Methodist classes will be directed by Dr. Milton T. Stauffer, Rev. Oscar Buck, Dr. Eleanor Calverley, Mrs. Virgil Sease, Miss Gertrude Schultz, Miss Ruth Scabury, Miss Caroline Palmer, Miss Bertha Enderle, Miss Frances Ball, and others. Music under the direction of Miss Marguerite L. Hazzard. Interesting evening programs, missionary reception, denominational rallies and other features. Denominational Camps for girls. Registration fee \$3.

Less Traffic

Figures supplied by Ned McKenney, in charge of the Chamber of Commerce information booth at the common in Greenfield indicate a reduction in tourist travel for this time of year. The booth opened Friday last and during the first five days of the month McKenney handled a total of 229 inquiries. The greatest demand was for road maps and literature, with questions as to route conditions and locations second in number. Through traffic in Northfield seems to be much below the record of last year.

Elected Director

Mr. Merritt C. Skilton was elected a Director of the Greenfield Co-operative Bank at its annual meeting held in Greenfield on June 28th. The bank has just issued its 27th Annual Report, which shows Resources of \$2,458,587.77. There are quite a large number of shareholders in Northfield. Mr. Frederick E. Hawks of Greenfield is President of the Association.

Hotel Business Good

The Northfield Hotel had a large number of guests over the week-end and holiday and prospects look bright for a successful summer with increasing reservations being made for the remainder of July and August. The golf links are in constant use and players seem to be well pleased with the many improvements noted on the course.

Northfield Young Man Married Last Saturday

The marriage of Miss Marion Palmer Arnold, daughter of Mr. and Mrs. Albert S. Arnold of Weathersfield, Conn., to Kenneth W. Miller, son of Mr. and Mrs. William D. Miller of this town took place at the home of the bride Saturday afternoon July 2nd at five o'clock.

The ceremony was performed by Rev. Robert Tuttle of the First Congregational Church of Weathersfield.

The single ring service was used and the ceremony followed by a reception was held on the spacious lawn of the bride's home. About 50 guests attended.

The bride is a graduate of Oberlin College in the class of 1930 and has been doing social welfare work in Hartford, Conn. for the past two years.

The groom is also a graduate of Oberlin in the class of 1930. He received an M. A. degree at Ohio State the following year and since then has been connected with the Providence Community Fund Incorporated.

After a short wedding trip, they will make their home at Providence, R. I.

Marriage Announced Richardson—Mitchell

The announcement of the marriage on June 4th, of Miss Eleanor Louise Richardson to Mr. Earl Victor Mitchell both of Brattleboro, Vermont, has come as a great surprise to their many friends. The ceremony was performed by the Rev. W. W. Coe, at his home on Main Street in Northfield, Massachusetts, and the double ring service was used. The young couple were unattended.

Miss Richardson, who is secretary to Judge Orrin B. Hughes of Brattleboro, is the only daughter of Mr. Frank B. Richardson and the late Mr. Edith (LeMay) Richardson of that town. Mr. Mitchell who is employed by the Fitch Plumbing and Heating Co. of 93 Main St. Brattleboro, is a former resident of Elgin, Illinois, and a son of Mr. and Mrs. V. J. Mitchell of Marlboro, Massachusetts.

The happy couple are making their home at present, in Brattleboro, Vermont.

Congregational Church

The largest audience that has assembled at a Sunday service in the Congregational church since the Seminary girls ceased to attend was increased by summer peopling. The floor was filled except for a few seats in the south-east corner. The usual congregation was swelled by summer people, and 40 from Virginia Camp, as well as many from Mount Hermon. The Mount Hermon Quartet, consisting of Prof. Irving L. Lawrence (tenor), Mrs. G. W. DeMing (soprano), Mr. Lewis Smith (alto), and Chandler Holton (bass), sang a selection and assisted the church choir in two anthems.

At the evening service, when 150 were present, Pastor Carne talked from personal experience of life in the South African gold fields. Mr. Carne spent some time there as a miner before coming to the United States. The evening program was as usual mostly musical. Home came playing the Largo on the cornet with skill and expression.

From now until the end of August the Sunday services of the church will be transferred to the conference gatherings in the Auditorium or Sage Chapel. However, the Sunday school will be held each Sunday under the direction of Sup't Sidney Given. The international lessons on the era of Moses will be studied. Prayer meeting will also be held every Thursday at 7.30 p.m. as usual.

With The Young People

The Young People's Society was led by Miss Harriet Atkinson, who is a student at Wheaton College. The topic discussed was "Political and Personal Freedom."

The society held its annual business meeting June 6 and elected the following officers for the coming year: President, Francis Reed, re-elected; Vice-president, Priscilla LeMay; Secretary, Esther T. Reed; Treasurer, Mary Thompson. The chairman of the committees were chosen as follows: mission, Paul Mayberry; social, Ralph Miller; lookout, Margaret Lamphair; music, Homer Carne. Plans were discussed for the coming year.

Made Citizens

The annual session of the Franklin county naturalization court was held last Wednesday in Greenfield and 42 persons were granted final citizenship papers by Justice Edward T. Broadhurst of Springfield. Among them was Katherine A. and Ervin C. Perry of Northfield former subjects of England and Charles J. Belsky of Warwick former subject of Lithuania.

Improved Freight Service

Station agent Darby of the Central Vermont R. R., announces that the railroad has established a pick up and delivery service on less than car load freight shipment effective Monday, July 4th in Northfield from and to points on the C. V. R. R. and the Boston & Maine R. R. Persons shipping goods by freight and desirous of this service should call up the station agent by phone 25-3.

Falls From Bridge; Loses His Life

Charles Spat of Greenfield lost his life in a fall from the new French King bridge last Thursday afternoon plunging through the air 11 feet to the river below.

Spat had been tightening a bolt, fellow workers reported, when apparently his wrench slipped and he lost his balance and plunged into the river.

The river is said to be from 40 to 50 feet deep where he fell.

Fellow workmen and spectators immediately went to his rescue and Ward Carter his workmate and Rodney Quinn of Erving a spectator jumped into the water but to no avail. They swam and dove about in the search until nearly exhausted and could not locate the body. When Spat fell he wore a leather belt on which riveters tools and wrenches are carried, and it was believed that this might have sunk him in the water. Spat struck the water in a sitting position and it is believed that he was knocked unconscious.

Since the accident continuous search has been made for the body and on Monday of this week it was found by watchers floating in an eddy near the Gill shore.

Spat leaves his father, William H. Spat; his widow, the former Miss Helen Howe of Turners Falls; a son, Charles, one-year-old; a brother, Walter; an uncle, Jacob Schick; and five aunts, Mrs. Gottlieb Schneider, Mrs. Brooks of Leonard street, Mrs. Shatz of Davis street, Mrs. Moore of Chapman street, all of Greenfield and Mrs. Frieda Tamble of Springfield.

Spat was born in Greenfield 24 years ago, and at one time operated a garage in Turners Falls.

New 3 Cent Stamp Now On Sale

Our citizens will now be using the new three cent postage stamp on first class mail instead of the familiar two cent stamp to help the government raise its budget.

The three-cent stamp is printed in purple and bears the familiar Stuart portrait of Washington. It is identical in size and design with the two-cent stamp of the Washington bicentennial series except for the change of denomination numerals and omission of dates. Two other varieties of three-cent stamps will be used—the current Lincoln stamp of the regular issue and the three-cent of the bicentennial series.

Four billion new stamps are being manufactured. Despite the publicity given the change in postal rates officials say that thousands of letters probably will be mailed in the next few days bearing the old two-cent variety. It takes time they say, to get the public to comply.

The Year's Rainfall Is Below Normal

Lack of precipitation during May and June has kept this year's total down to 16.78 inches, the smallest amount for the first six months any year since 1921, with the exception of 1924. There was plenty of rainfall during the first four months of this year.

The 1932 record so far is the lowest for 11 years with the exception of 1924, when there was only 14.95 inches of rainfall in the first six months.

The record of rainfall in Northfield kept by Mr. George W. Carr at the Seminary barns for State record is as follows for the month of June:

New Freight Agent At Mount Hermon

Mr. H. L. Stickney of Gardner Mass. for twenty four years with the Boston and Maine Railroad and recently in the ticket office of that city has been named to succeed Mr. H. A. Hoxie as station agent at Mount Hermon. Mr. Hoxie goes to Brightwood on the Boston and Maine R. R. which is a part of Springfield.

Safe In Frisco

A telegram received by Mrs. Lawrence Laxelle of Glenwood avenue yesterday (Thursday) announces the safe arrival at San Francisco of her daughter and husband. Mr. and Mrs. Russell L. Durbin on the S S "Tatara Maru" from Japan. After attending to some matters in connection with Japan's representation at the Olympic games, they will come on to Northfield.

Olympiad Stamps On Sale

The Xth Olympiad Commemorative stamps issued in 3-cent and 5-cent denominations in honor of the International Olympic Games to be held at Los Angeles, Calif., are on sale at the Northfield Post-offices.

The 3-cent stamp is printed in purple ink and has for the central design the likeness of an Olympic runner in crouched position as if ready for the starting signal. The 5-cent stamp is printed in blue and includes as the central subject a representation of the Roman discus thrower modeled from the statue Discobolus, back of which on a solid background is an outline of the globe with the lower part obscured by clouds.

The stamps were first placed on sale in Los Angeles on June 15. Other postoffices are being supplied as promptly as requisitions can be shipped by the department.

To Give Supper To Aid Boy Scouts

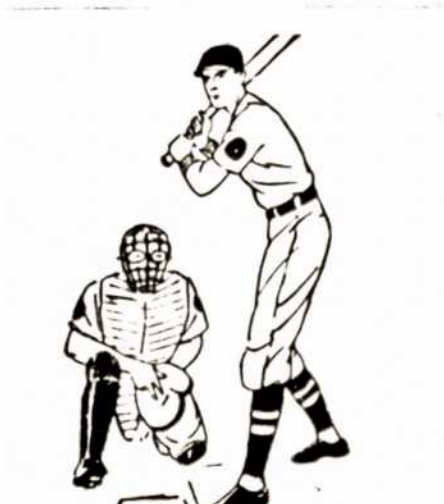

The Women of Northfield Farms under the direction of Mrs. John Kervian are to give a supper on Friday evening July 15th at 6.30 o'clock in Union Hall for the purpose of securing funds to aid in sending the Northfield Troop of Boy Scouts to Camp Coolidge, the Boy Scout camp, near North Dana the first week in August. All are invited.

A Quiet Fourth

Fourth of July was a quiet day in Northfield. The movies at the Town Hall was well attended and some outings which had been planned were held indoors, such as the Conference employees and groups of summer residents. The weather was decidedly "wet" and even automobile trips were few. Those who made a week end trip say their pleasure was marred by the cold and rain. Through traffic on the highways was unusually small. The mischievous boys however had their inning and impromptu bon fires were lighted at midnight in front of the Library and in Northfield Center. An old wagon was burned up at the latter place. Bells were rung and the usual carrying away and misplacing of signs occurred.

Baseball

Rain postponed the game of baseball at the Northfield Hotel grounds on July 4th but "happy days are here again" with the play

Will Go To Camp

The members of the Ever-ready 4-H Handicraft club will go to camp on Saturday for a vacation of one week. The camp is located on Catamount Hill in Colrain, and is conducted by the Franklin County Extension Service. This camp offers unusual opportunities for studying outdoor life.

Mr. and Mrs. Thomas J. Danahy of Jamaica N. Y. are expected in Northfield this week to open their summer cottage in Rustic Ridge.

Mrs. Mabel A. Grogan of Watertown Mass. is at her summer home "Pine Tree Cottage" in Rustic Ridge.

Rev. Frank D. Torrey and family of Penney Farms, Florida have arrived in Northfield and opened their cottage "Kenjockery" on Rustic Ridge.

Items Of Interest

The following statement is made by the United States Civil Service Commission: The Commission warns the public against paying money for "coaching" courses in preparation for Federal civil service examinations. Schools which sell such courses under present conditions accept money under false pretenses. A purveyor of civil service courses is now under indictment in Iowa for false representation. It is expected that other such cases of prosecution will follow.

Mrs. Hubbell, her daughter Alice and a grand daughter of Rockville Centre, Long Island N. Y. who have frequently been summer residents in Northfield have rented "Rest a While" in Rustic Ridge for this summer.

Auto Crashed At Bridge Turn

Last Monday a sedan registered in the name of Nellie G. LaVange 88 Park street, Dorchester, and driven by her son, Michael, containing Mr. and Mrs. Michael LaVange, a daughter, Celeste, crashed into the bridge rail, at the White bridge over the Connecticut river between Greenfield and Turners Falls.

The driver of the car alleges that he did not see the sharp curve onto the bridge going towards Turners Falls. He clipped the right corner of the bridge, shot across and went half way through the guard rail on the north side. The car was prevented from dropping a distance of between 60 to 70 feet to the rocks below by the heavy guard rail and steel suspension cables.

The front end of the car was smashed, glass was broken and the engine was damaged. The car was towed to Turners Falls.

Mr. LaVange was shocked but otherwise was uninjured. Mrs. LaVange suffered an injured ankle, and was taken to the Franklin County hospital, where X-rays were taken to determine the extent of the injury. Miss Celeste LaVange suffered lacerations and bruises and was treated at the Franklin county hospital. The accident was investigated by the police.

Laurel Park Chautauqua Plans

Northfield folks who attend the Laurel Park Chautauqua sessions at Northampton will be interested in the plans and program. The annual session opens next Tuesday with an address by Leon Conwell, who will give a modern version of the famous lecture of his father, the late Dr. Russell H. Conwell, on "Acres of Diamonds." Leon Conwell is editor of the Somerville Journal and a former mayor of Somerville.

The speaker Wednesday evening will be Mrs. Walter E. Corbin of Florence, whose subject will be "Life in Colonial Days." Thursday evening William S. Griffin of New York will speak on "Up-to-the-Minute observations on Current Events." The entertainment Friday evening will be musical and Saturday night the Belchertown Players will present a play, entitled "Charm." The season Sunday, the 17th, will be preached by Rev. George Moody of New York a former Laurel Park boy. The music will be in charge of Mrs. Raymond Withey of Holyoke.

The Chautauqua classes will be held Wednesday, Friday and Saturday at 9.30 and 10.30 in the morning and 2.30 in the afternoon. The Bible class will meet at 9.30 a.m. and will be in charge of Rev. Eaton B. Freeman, pastor of the Northampton Baptist church. The children's recreation class meeting at 10 a.m. will be under the direction of Miss Louise Kennedy of Greenfield.

The Round Table will be conducted by Rev. O. E. Barnard of Brattleboro, Monday at 10.30. The women's class will meet at 2.30 p.m. The Sunday school will be in charge of Judge John Holbrook of Holyoke. The post manager will be Marcus Soutra.

EDITORIAL

We are grateful for the many kind messages that come to us in the letters received from our subscribers who are renewing their subscriptions to the Northfield Herald for another year. We cannot reply to all personally but we do want to say "thank you." From Canada, from California, from Florida these greetings come and we assure you of our appreciation. In the enlarged issues of The Herald we shall hope to maintain that high degree of excellence which has characterized the paper since its beginning and we trust that in the coming year we will continue to merit your commendation.

"Your grass cut and hay for sale" might be a good advertisement for the Village Improvement Society to use in its efforts to beautify the town. Ride through Main Street if you will and check up on our good citizens who own abutting property fail to keep pace with their neighbor and slow down the effort to maintain our thoroughfare as a highway graced with beautiful lawns and flowers. Northfield has a beautiful Main Street appreciated by many of our people and spoken of and remembered by the traveler. Let one and all do their part in maintaining "Northfield, the beautiful" a scythe, a sickle, a lawn mower will work wonders—why not use them?

The appeal of psychology is not to all but to those who can appreciate its reasoning it often unfolds some fundamental facts pertaining even to life itself. Psychology is the understanding of natural means to solve life's problems. Loyal S. Wright, who is a brother of Dr. Allan H. Wright and has appeared before a Northfield audience has written a book entitled "The Open Gate" and in it he deals with many practical truths gathered from an experience of seventeen years as a lecturer and teacher of the art. He deals with the selfishness of human nature in one of his chapters and this portrayal is so true and clear of the actions of many. "One of the biggest problems, the hardest things that men have to do," writes Mr. Wright "is to accept the thought of another that is contrary to their own fixed belief, and yet how many times our own beliefs are wrong and detrimental and the thought presented absolutely right." Psychology would grant importance to every man's reasoning, a fair consideration of its import and a happy blending of its logic with that of others. The man who berates cannot understand psychology.

Thank You

"In renewing my subscription to the Herald for another year—I want to say that although dollars are scarce owing to the depression—we do not feel we can go along without the Northfield Herald. It is eagerly awaited each week and read with the greatest interest. We congratulate you on the publishing and Northfield on having such a fine newsy local paper."

Amelia Roberts.

A Bouquet

"The Northfield Herald grows in value all the while. Also I know how much that is put into its make up, from my newspaper experience. There is that continuous tone of sympathy, intelligence, and modern ideas while holding the best of the former style of village paper. I extend my thanks to those who give me joy in its pages."

Springfield, Mass.

Now Five Cents

With this issue of The Herald the price per copy goes to five cents on all news stands and counters. The former price of two cents does not pay the cost in the issuance of a weekly of The Herald class. The special subscription price of \$1.00 a year still prevails for prompt renewals and new subscriptions until further notice. However The Herald reserves the right to increase its subscription price at any time.

EDITORS NOTE:

If you have paid your subscription to the Herald and the label is not changed, please be patient as we have been swamped with renewals and could not effect the change in type this week. Changes may be noted next week.

Detour Map Out

The road condition map of the Department of Public Works of the state has been issued for July first. It shows the construction on highways throughout the Commonwealth and where detours are necessary. Very few of the through routes inconvenience the motorists. The Western part of Massachusetts has very little construction on traveled highways.

Poet's Corner

YOU NEVER CAN TELL

You never can tell when you send a word
Like an arrow shot from a bow
By an archer blind, be it cruel or kind,
Just where it may chance to go.
It may pierce the breast of your dearest friend,
Tipped with its poison or balm,
To a stranger's heart in life's great mart
It may carry its pain or its calm.
You never can tell when you do an act
Just what the result will be,
But with every deed you are sowing a seed,
Though the harvest you may not see.
Each kindly act is an acorn dropped
In God's productive soil;
You may not know, but the tree shall grow
With shelter for those who toil.
You never can tell what your thought will do
In bringing you hate or love.
For thoughts are things, and their airy wings
Are swifter than carrier doves.
They follow the law of the universe—
Each thing must create its kind,
And they speed o'er the track to bring you back
Whatever went out from your mind.
By Ella Wheeler Wilcox.

THE SWEETEST THING

'Tis love that bids the lily bloom,
'Tis love that wakes the star
And makes uncounted planets shine
Thro' purple distance far.
'Tis love that sends the morning light,
From love descend the dew
Upon earth's blossomed beauties all—
God's love for me and you!
'Tis love that makes the rosy dawn
To brighten in the West;
'Tis love, when daylight is withdrawn—
That brings us peace and rest.
Twas love that lent the rose its scent,
That taught the bird to sing;
And bade the countless little leaves
To quicken in the Spring!
O, in this weary world below
Or in bright Heaven above,
The sweetest thing that men may know
Is love—is love—is love!
By Arthur Goodenough.

SORROW

Have patience; it is fit that in this wise
The spirit purge away its proper dross,
No endless fever doth thy watches toss,
For by excess of evil, evil dies.
Soon shall the faint world melt before thine eyes,
And, all life's losses canceled by life's loss,
Thou shalt lay down all burdens on thy cross,
And be that day with God in paradise.
Have patience; for a long eternity
No summons woke thee from thy happy sleep;
For love of God one vigil thou canst keep
And add thy drop of sorrow to the sea,
Having known grief, all will be well with thee,
Aye, and thy second slumber will be deep.
By George Santayana.
"Sorrow," by George Santayana, native of Spain, born 1863, graduate of Harvard, 1886, and later a teacher of the history of philosophy there. He now resides in England.

THE LONG SLEEP

Death! Speak not that dread word.
We do not die, we only sleep.
After the stress of earthly cares,
God gives us slumber sweet.
We fear the mystery of Death,
And tremble at that Reaper Grim,
Who comes to lead us all afar,
Into the unknown regions dim.
God sends no messenger like this,
Tis but a phantom of our own.
Death is an angel straight from heaven,
To call the weary children home.
How often, when our hands and feet
Are tied with so many tasks,
We wish for perfect rest and peace
God's mercy grants our wish at last.
When in the fall the flowers fade,
We do not grieve, and say they're dead,
We know when happy springtime comes,
They'll blossom from their earthly bed.
All nature has a time of rest,
And sloughs off every old decay,
This is the natural law of God,
That every earthly thing obeys.
Then why do we speak of fearsome Death?
It is but a sleep that comes to all.
There is no Death, He conquered that,
We only slumber 'till He calls.

TO A WHITE BIRCH

Among God's perfect birch trees
There is one I love the best,
'Tis the slender, graceful, white one,
Far more lovely than the rest.
Bending slightly o'er the high way,
To greet each stranger rushing past,
Or standing crowded among a thicket
Where birds are at their best.

In the tranquil, silvery, moonlight
Or the lark black of night,
The slender, graceful, birch tree
Shines in glory—God's taper white.

Of Interest To Onion Tobacco Growers

Tobacco and onion growers of the Connecticut Valley who attend Farm and Home Week at the Massachusetts State College at Amherst, which is to be held from Tuesday to Friday, July 26 to 29, will be particularly interested in the tobacco and onion program scheduled for the first afternoon. A large part of the afternoon of July 26 is to be spent in the field viewing experiments on these crops which are conducted by the college men.

A method of applying fertilizer for tobacco which is new to the Connecticut Valley tobacco growers will be demonstrated to them for the first time. A fertilizer distributing attachment for tobacco seeders has been developed by the agricultural engineering department of the college, which applies the fertilizer in two bands, one on each side of the row, as the tobacco is being set. Experiments conducted at the college have shown that as good tobacco can be grown with less fertilizer when it is applied in the row in this way as when applied broadcast.

Olde Egremont Incorporates

Olde Egremont has become a corporate institution. In the June issue of The Herald, the incorporation of Olde Egremont, Inc., is given. It is also announced that another corporation has been formed, the Olde Egremont Association.

The first is a holding company which will own the land and improvements, conduct certain hotel, store, handicraft and farm enterprises, and provide recreational and other facilities for the exclusive use of members and guests of the Association. The double incorporation plan is similar in general to that of one of the oldest and largest recreational and social clubs in the country. At Olde Egremont, the purpose of the Association feature is not to operate an elaborate country club, but to reserve its varied interests and activities for those who will appreciate the simplicity and freedom of an old colonial village and countryside. The corporation's holdings now include more than 2,000 acres of land in the towns of Egremont, Sheffield, Great Barrington, and Mt. Washington, including part of the village of South Egremont, which has been largely restored to its aspect of colonial days. The units added this year include a Village Smithy and Weaving Shop, a partly restored Olde Grist Mill, the Ole Swamin' Hole, about completed, and Egremont Inn, the third hotel purchased by Major Hugh Smiley since 1930.

It was announced at the Olde Egremont Association offices, that cabins of a simple type are to be erected in the mountain forest of the "Jug End" section for those especially who enjoy fishing and "roughing it," and that the first cabin has just been completed there for a stockholder of Olde Egremont, Inc. Several log cabins with modern improvements, erected this spring in the outskirts of the village, are now occupied by summer vacationists. A twenty foot wooden mill-wheel erected at the first step in restoring the old grist mill turns in Goodale Brook, where just a century ago the structure was erected and became known as the Mt. Everett Flouring Mill.

Girls Conference Closed Last Friday

The first of the six Northfield Religious Conferences, begun by Dwight L. Moody the evangelist 52 years ago, closed last Friday when the 350 girls of the 29th annual Northfield Girls' Conference left for their homes after eight days of meetings and discussions. The conference delegates all reported that they had an enjoyable time and profitable sessions. Much enthusiasm prevailed and the delegates are already looking forward to the session of 1933.

Greenfield Shopping News Makes Its Bow; Very Fine Issue

The Greenfield Shopping News is out and the initial issue at once proves its merit. It is an attractive specimen of the printers art and the advertisements are those of merchants within the county's trading area or rather Greenfield. Mr. Robert P. Dolan formerly secretary of the Greenfield Chamber of Commerce is the Publisher and his announcement is as follows:—

Emphasizing the truth in advertising and a showing of weekly news of outstanding values which every householder will want to scrutinize before making extensive purchases.

"With this, its first issue, the Greenfield Shopping News introduces itself to approximately 40,000 readers in the concentrated trade area of Greenfield. It will cover this territory 100 per cent. The people constituting this area are our neighbors and we look upon them as such. They will be brought in regular weekly contact with the outstanding values offered by Greenfield's leading merchants through this new medium, which offers a superior advertising service to buyer and retailer alike.

It is the intention of the Greenfield Shopping News that nothing but truthful, unexaggerated advertising shall be carried in its columns. Readers may be assured that this policy will be strictly adhered to, thereby guaranteeing absolute protection to those patronizing our advertisers. In order to assist us to maintain this policy we respectfully request our readers to report all infractions against it direct.

One half of our circulation will be delivered by mail to every family on every Rural Free Delivery route in Franklin County communities. The remainder will be delivered by carriers. We have attempted to select a group of reliable and trustworthy boys and young men who will on every occasion be expected to conduct themselves as gentlemen and will respect the desires of those whom they serve.

Please remember that the Greenfield Shopping News exists to serve you just as thoroughly as will be its purpose to serve the advertiser—to render a service mutually satisfactory to both. And remember also that by patronizing Greenfield Shopping News advertisers you are encouraging the type of advertising you—the buying public are entitled to.

We invite you to carefully read the pages of this and succeeding issues and assure you your comments will be most welcome at all times.

The Shopping News comes from the press of The Northfield Printing Company which has added to its equipment and engaged additional labor.

Congratulations and every wish for a successful venture is extended by the Editor of the Herald.

Looks Like A Sensible Move

Seven-year terms for the President and Vice-President without possibility of re-election and four-year terms for members of the House of Representatives are recommended by Senator Marvel M. Logan of Kentucky who is serving his first term in the Senate. He has introduced a resolution amending the Constitution in harmony with these recommendations.

Logan declares that during his first term the President always devotes much of his time in preparation for a second nomination and election, while political considerations largely influence his appointments.

"If he is made ineligible for the succeeding term," says Logan, "all temptation will be removed, and the President will consider merit of more importance in making appointments than political considerations. If the term is made seven years, the election may be held when there is no election for members of the House and Senate."

As to the election of members of Congress for four-year terms, Dr. Logan remarks: "The average representative runs for election all his time. Since they are generally nominated in primaries, they often have two elections in two years. The average Congressman is generally poor when he begins his public career and he grows poorer every year."

Ashfield Invites Us To Street Fair And Dance

The Street Fair and Dance to be held in Ashfield on Wednesday afternoon and evening, August 10th under the auspices of the District Y.W.C.A., of Western Massachusetts offers many attractions to draw crowds from neighboring towns and cities where people will be looking for a cool spot to spend a half holiday.

Ashfield is a lovely village high in the hills and is very central for the group of towns from Colrain to Hatfield and Cummington which will be participating.

A section of the village will be turned into a Street Fair where many girls and women dressed in pretty costumes will sell their wares. Home-made pies, cakes, bread, doughnuts, baked beans, candy, fruit, flowers, vegetables, hot dogs, pan cakes, coffee, tonics, ice cream, novelties, balloons, and grabs for the children will be offered. Also a white elephant sale.

Different groups of Girl Reserves will entertain from time to time with a pretty Gypsy Dance with Balloons; a Style Show in costumes of different periods; and there will be a Clown; a Blind Musician and other interesting folks to make a good time for which there will be no charge.

The fair will open in the afternoon and continue until evening when dancing will be the chief attraction.

The girls and women in the towns surrounding Ashfield are co-operating to make this summer gathering a most enjoyable social occasion as well as a successful money-raising event. Committees are being organized in each town and definite responsibilities being assumed for entertainment features as well as for solicitation of articles to be offered for sale.

A Dry Candidate For Congress

David J. Malcolm of Charlemont has announced his candidacy for Congress from the first Massachusetts district on a dry platform. Malcolm would have the support of the W. C. T. U. in his campaign it is said.

Malcolm is now superintendent of schools in the union district of Savoy, Rowe and Heath.

Another Woman 105

The Herald gave recently the names and addresses of a number of women in America who were 100 years of age and over discovered by the various women's clubs of America. One of such women lived in Brattleboro who is 105, and now another woman age 105 has been found living in Dover, N. J. according to information received from a Herald correspondent. This woman is Mrs. Jane Talbot Thorne who celebrated her 105th birthday last week with ten of her eleven great grand children present.

Mrs. Thorne is well versed in current events. She keeps in touch with world happenings by means of the radio and enjoys classical music. She enjoys automobile rides and several months ago, while riding through Kenil near the aeroplane field, said she would like to go for a plane ride except for the difficulty of getting into the cockpit.

Until she fell from a chair three years ago and suffered a hip fracture, Mrs. Thorne was active about her house. Now she spends most of her time in a chair in her room, but is occasionally carried down stairs.

She was born in North Petherton, England, and came to America with her husband, Richard Thorne, May 1, 1851, and until twenty-seven years ago lived in New York.

Among her ancestors was a member of the crew of the Half Moon on its voyage under command of Hendrik Hudson.

Paying By Check

The new Government Tax on bank checks went into effect on June 21st. There is hereby imposed a tax of 2 cents upon each of the following instruments: checks, drafts, or orders for the payment of money, drawn upon any bank, banker or trust company; such tax to be paid by the maker or drawer. The depositor's account, therefore, will be debited each month for the amount of the tax on all checks which have been charged against it from the first until the close of the previous month.

The many advantages of paying by checks far outweigh this nominal cost. Your checks give you an automatic record and receipt for each transaction. They prevent misunderstandings and the danger of paying bills twice. You avoid the hazards of carrying considerable sums of money on your person, or securing cash in your home. You save time and the bother of waiting for change and receipted bills. Beyond all this there is a measure of prestige in paying bills by check.

Mr. Hoehn, President of the Northfield National Bank has stated that only one account has been closed in Northfield owing to the unwillingness of a depositor to pay the tax.

Coolidge At Plymouth

Motorists from Northfield taking a trip over the holiday to Plymouth the birthplace of Calvin Coolidge report that both he and his wife are at his boyhood home but that no one saw anything of the family owing to the fact that Mr. Coolidge was not well. Their son, John, and his wife, the former Florence Trumbull, daughter of Connecticut's former governor, was with them. Mr. Coolidge was born July 4, 1872, in Plymouth and on Monday last celebrated his 60th birthday there.

French King Bridge Linked This Week

It is expected that the eastern and western sections of the French King Bridge over the Connecticut River on the new "cut off" State Highway will be linked together this week and the work of finishing the bridge will then proceed rapidly. Hundreds of motorists go down on the east side through the Meadows road to view the spectacle and many photographs have been taken of its progress. It is difficult to approach the west end of the bridge on account of construction of the highway. Many motorists from Northfield are now using the Gill road and at Riverside turn right onto the new road and across the new bridge at Swift River into Greenfield direct without going through Millers Falls or Turners Falls. Those who have measured the distance say it is the shortest route between Northfield and Greenfield.

Bible Studies

At The Northfield

The Rev. J. East Harrison formerly head of the Department of English Bible at Mount Hermon School began his Bible studies at the Northfield Hotel on June 28th and the series will run to October 15th. Everyone is cordially invited to attend these sessions. The days and subjects for the remainder of the month of July are as follows: The studies are in and upon the Epistle to the Ephesians.

Seventeen Fatalities By Autos In State

While no fatalities were recorded in the territory about Northfield last week yet the total in the state has had an upward curve.

Motor Vehicle Registrar Morgan T. Ryan in his weekly report states: "There were 17 persons killed by automobiles last week, eight more than in the week before and six more than in the same period last year. Only 74 persons were convicted last week for operating while under the influence of liquor, 78 less than in the preceding week. Nine were committed to jail, five from district courts and four from superior courts. Four persons were convicted for the second time within six years in district courts for operating while under the influence of liquor. Three were given jail sentences and appealed and one was committed to jail."

There were 1963 licenses and registrations suspended or revoked last week, 45 more than in the week before and 552 more than in the same period last year. Eighty-eight of these were for driving of a drunken, intoxicating liquor and 1360 on account of insurance cancellations."

Many Repeal Plates Seen On Autos

Many automobiles are to be seen upon our streets these days carrying a plate with the word Repeal upon it. The cars are mostly those from New York, Massachusetts and Connecticut, and many comments have been heard that they may under identification of the auto in emergencies.

Carrying plates on automobiles urging repeal is no violation of the law, at least in Connecticut. Commissioner Stoeckel of that State's department of motor vehicles declared recently.

Commissioner Stoeckel has found no evidence to support a number of complaints that the "wet" tags interfere with safety or with the identifiability of vehicles.

Insurance Referendum On Property Damage

Blank petitions were recently given to Representative C. F. Nelson of Pratt of Samos by Secretary of State Cook with reference to securing signatures for a referendum state wide on the property damage settlement law enacted by the last legislature. The bill, as enacted, compels the registrar of motor vehicles to suspend the license of any auto owner who fails to satisfy judgment against him in motor vehicle accident cases involving property damage.

The blanks will be distributed throughout the state, according to Rep. Pratt in order to obtain the necessary 15,000 signatures before Sept. 9, the last date for filing them. If they are obtained the petition will appear on the ballot at the fall election in the form of a referendum question.

Tours And Detours

The first issue of the season of Tours and Detours, distributed by the Standard Oil Company of New York, Inc., has been published. The publication, now in its second year, outlines trips to places of scenic and historic interest and The Herald in its columns will continue the publications of these tours from Northfield as it did last year. Statements concerning the condition of the routes to such places will also be furnished.

Many Ballplayers Wear "Specs"

Defective Eyesight Is No Longer a Bar to Success in Athletics—Improved Optical Methods Enable Many Men With Faulty Vision to Keep Eye on Ball and Make Good

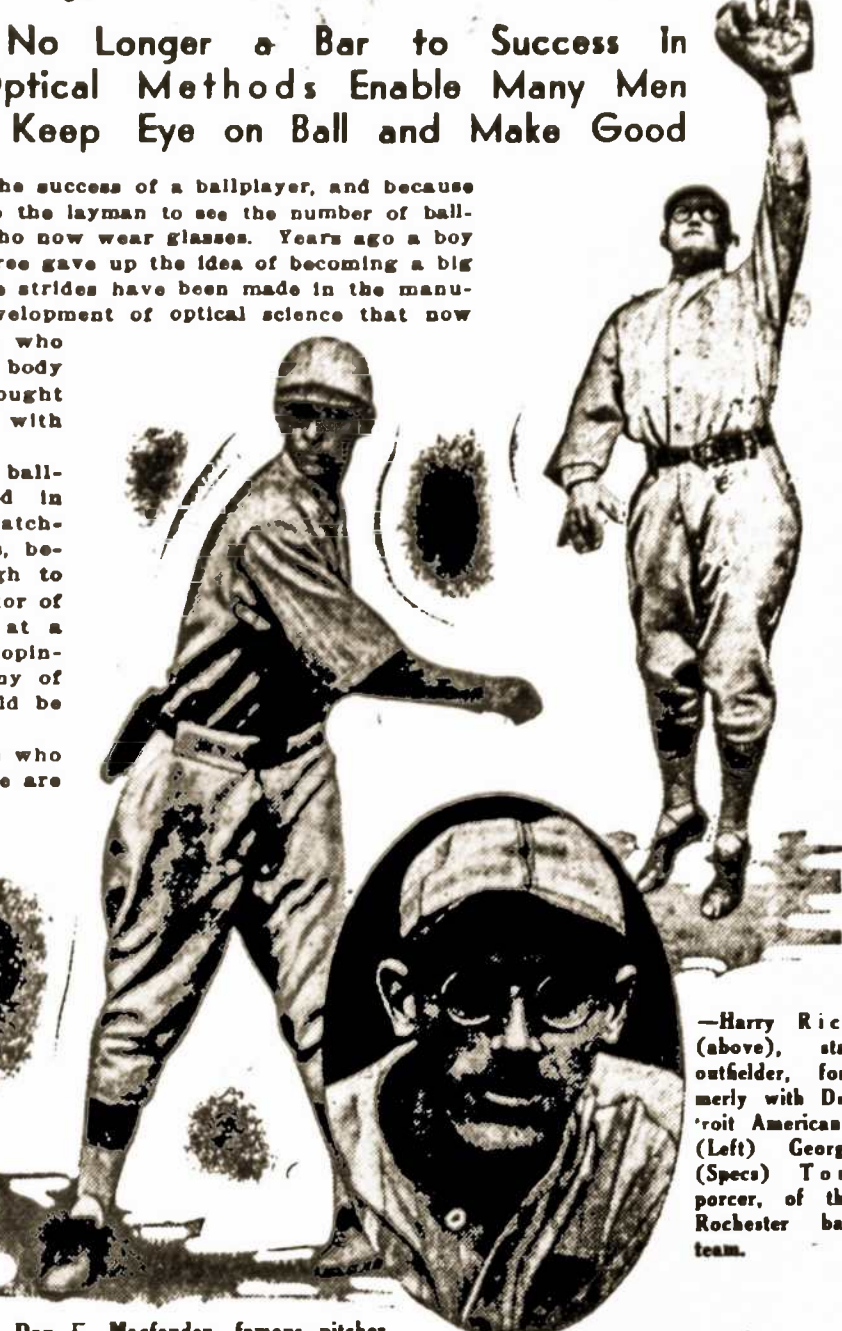

GOOD eyesight is essential to the success of a ballplayer, and because of this fact, it is surprising to the layman to see the number of ballplayers and other athletes who now wear glasses. Years ago a boy having defective vision to any degree gave up the idea of becoming a big league player, but such remarkable strides have been made in the manufacture of glasses and in the development of optical science that now practically any athlete of ability, who has the requisite co-ordination of body and mind, can have his vision brought up to a high degree of efficiency with corrective glasses.

The need for good eyesight in ballplaying is graphically illustrated in radio broadcasts. The announcer watching the game often miscalls plays, because eyesight is not keen enough to follow the ball. M. J. Julian, Director of the Better Vision Institute, said at a meeting in New York City. In his opinion the announcing ability of many of our leading radio spokesmen would be greatly improved by eyeglasses.

Among the prominent ballplayers who wear glasses to improve their game are

Chick Hafey, 1931 champion batter of the National League, now with Cincinnati Reds.

Dan K. Macfayden, famous pitcher, who was recently traded to the New York Yankees by Boston Red Sox.

Chick Hafey, of the Cincinnati Reds; Dan K. Macfayden, pitcher of the New York Yankees; Harry Rice, formerly of Detroit, George (Specs) Torporc, of Rochester. Wearers of eyeglasses are also prominent in other fields of athletics. Ben Eastman, the sensational quarter-mile runner of Stanford University, who this year broke the world's record, wears glasses. Coleman Clark, also an eyeglass wearer, recently won the national ping-pong championship. Francis Oulmet, who regained, after seventeen years, the national amateur golf championship, always had very poor eyesight. Specially made glasses resulted in the accuracy and steady nerves which made his return to the championship class possible.

Miss Nellie Anderson is home from Arlington Heights for the summer vacation. She recently enjoyed a trip to Nova Scotia.

The Misses Ella and Florence Gans motored to Cambridge Saturday to spend the holidays with their parents.

Miss Clarissa Morgan of Cambridge is spending a few days with her parents, Mr. and Mrs. E. M. Morgan on Main St.

Mr. and Mrs. George Pfefferle, Mrs. Andrew Lyman and Mrs. T. H. Parker toured along the Maine and Massachusetts coast over the holidays.

Mr. and Mrs. Granville Moffitt of Cambridge, N. Y., are visiting Mrs. Moffitt's parents, Mr. and Mrs. A. M. Solandt.

Mrs. Esther Williams and baby are at Bustin's Island, Maine, for a vacation. Mr. and Mrs. James Turner and daughter Ann, of Greenfield are also in the party.

Mr. and Mrs. Robert A. Baldwin Jr., had as their guests over the fourth at their cottage, Dr. and Mrs. R. A. Baldwin of Springfield, who are the parents of Mr. Baldwin.

The many friends of Mr. Richard Aldrich in Northfield will be interested to learn that he and his wife with their two children Dick and David are traveling in Europe this summer. As a young man Mr. Aldrich spent most of his summers here with his parents in "Sunny Shadow" cottage in Rustic Ridge.

Mr. and Mrs. Arthur P. Lawrence of Birmah Road entertained as holiday guests, Mr. and Mrs. Herbert C. Eaton and sons, Clarence C. Eaton, Richard E. Eaton of North Tonawanda, New York and Raymond B. Eaton of New York City. Mrs. Eaton and son Richard will remain throughout the month of July. Mrs. Eaton is the sister of Mrs. Lawrence.

The many friends of Robert Duncan of Jamaica N. Y. are glad to see him again at the Northfield hotel this summer. Robert has just graduated from New York University with the degree of B. S.

Information received here imparts the news that Rev. and Mrs. D. O. Cowles of Perth Amboy, N. J. will not be at their summer home Revell Cottage in Rustic Ridge this summer as Mrs. Cowles continues to be seriously ill. There seems but little encouragement in her condition and her many friends extend their sincere sympathy.

Shear Nonserise

Lecturer (in small town): Of course, you all know what the inside of a corpse is like? Chairman of meeting (interrupting): Most of us do, but you better explain for the benefit of them as have never been inside one.

Life is a joke, see the jest of it; Life is a break; make the best of it; Life is a game, put your heart in it; Life is a play; act your part in it, Life is a song in either key—Major or minor—which shall it be?

"Why is it that the modern young man never gets up at dawn to serenade the girl of his heart?" asked a well-known woman novelist. Probably because the girl of his heart isn't home by then.

Pretty Cashier: You might give me a few days off to recuperate. My looks are failing.

Cafe Manager: What makes you think so? Pretty Cashier: The men are beginning to count their change.

Teacher: Horatio, why do we use soap? Horatio: That's what I'd like to know.

1st New Yorker: Who's the parade for today? 2nd New Yorker: I didn't know there was one.

1st New Yorker: Must be; all the telephone books are missing.

Some folks get a lot of enjoyment out of attending a circus, while others would rather sit at home and read about Congress in the newspapers.

A lady ran away from her husband and went to live in a hotel. After several days she went back to him. She said she couldn't stand looking at the sign on the door to her room at the hotel every time she went out it troubled her conscience. The sign was: "Think: have you left anything?"

The teacher was giving a lesson in natural history, when suddenly she noticed that one of the boys was not paying attention.

Teacher: Johnny! What is the use of the reindeer? Johnny: Please, teacher (blushing furiously), to make the flowers in the garden grow.

You won't be able to say enough about "Specialized Lubrication" after you have tried it. The Morgan Garage.—Adv.

Republican Call For Lake Rohunta

A get-together of county republicans has been arranged for Wednesday, July 27, at Lake Rohunta by the Greenfield district woman's republican club. This will be one of several to be held at different places in the county in the near future.

John W. Haigis

There will be addresses from 5 to 6, and from 7 to 8 by those who are prominent in county republican politics. They will probably include Congressman Treadway, Hon. John W. Haigis, James N. Gunn, of Turners Falls, candidate for representative in Third Franklin district, Walter Ray of Turners Falls and Charles H. Holmes of Farley, candidates for county commissioner, and others. At 6 o'clock a buffet luncheon at 75 cents will be served and an opportunity given for picnic lunches by those who prefer.

Mrs. Rickett Dies; Dr. Cutler's Sister

Mrs. Mary A. Rickett, 71, of Orange, Mass., died Saturday in Memorial hospital Syracuse, N. Y. She was born in Greenwich, the daughter of Smith and Adeline Cutler. She was graduated in the first class at Northfield seminary and was a teacher for many years in the South. She was a member of the Orange Congregational church. After her marriage she lived in New Haven, Conn., Greenwich, Barre and Worcester, before coming to Orange. Her husband James Rickett, died about 20 years ago. She leaves one son, Leslie, of Newark, N. J., two daughters, Mrs. Frank Ashby of Dallas, Tex., and Miss Olive Rickett of Syracuse; one brother, Dr. H. F. Cutler of Mount Hermon, and one sister, Mrs. Fred Fiske of Orange. The funeral was held in the Greenwich church Tuesday at 11 o'clock. Rev. O. J. Billings of Orange officiated and burial was in Greenwich cemetery.

Teradway Will Broadcast

Congressman Allen T. Treadway, Republican and Senator Robert Wagner of New York, Democrat, are to broadcast over WABC and the Columbia network Saturday night at 9.15 their respective points of view on the \$1,000,000,000 relief bill now before Congress.

Congressman Treadway

Mr. Treadway represents President Hoover in opposition to the measure, which he characterized last Monday at Stockbridge as the "greatest pork barrel" ever proposed in the history of the nation. Senator Wagner and Speaker Garner are its principal proponents.

Fairs Exempted From Admission Tax

All agricultural fairs will be exempt from the admission tax levied by the federal government, Charles A. Nash, general manager of the Eastern States exposition, stated last night. This exemption means a saving to the citizens of Western Massachusetts of thousands of dollars on admissions to the exposition alone. Five cents or more tax on an average admission number of between 250,000 and 300,000 for the week would amount to more than \$15,000. The amount which would accrue from all of the fairs in Western Massachusetts would raise the sum appreciably. The exemption dates back to a ruling made concerning admission taxes in 1920; Mr. Nash said last night. When the law about admission taxes was changed in 1926, the exemption was continued, and when the new law was drafted this year, a clause was inserted making the fairs exempt.

Thursday; Neighborhood Day

The pastor, Rev. W. Stanley Carne and 40 members of the Trinitarian Church were in attendance Thursday at the 26th Interdenominational Home Missions Conference, which met in the Auditorium.

Neighborhood Day was enjoyed by 100 people from the nearby towns and villages, who drove in for the services of the conference. Ministers and laymen, as well as the women of the churches, were present. Services began at nine o'clock when Dr. T. W. Graham of the Graduate School of Theology at Oberlin, Ohio, spoke on "Amos the Prophet, and his Times." At ten o'clock the study book, "The American Indians," was discussed by Professor Emily Hickman of the New Jersey College for Women. Helen Erickman, General Secretary of the Women's Board of Domestic Missions of the Reformed Church in America, led a class in the study of the Indians, and so did Miss C. E. Schaffler of New Jersey.

"The U. S. in the 20th century" was the topic of Dr. Bickman at noon and in the evening at the Round Top service, Mrs. Elizabeth Brubaker of Washington, D. C., talked on "Endurance." "Squaring our Citizenship with our Missionary Program" was the subject of Mrs. Rachel C. Nason of Hartford at the closing meeting of the day.

A picnic lunch was enjoyed on the lawn of Betsey Moody Cottage at 12.30. Coffee was served.

Auditorium Speakers

Dr. T. W. Graham of the Graduate School of Theology of Oberlin, Ohio will speak at the Auditorium Sunday morning at 10.45 o'clock. Rev. G. H. Bechtold, superintendent of the Lutheran Mission in Philadelphia speaks at 7.45 p.m.

Right Suspended

Joseph H. Tacy of Hinsdale, N. H., who was convicted of operating an automobile negligently has had his privilege to drive in Massachusetts suspended according to a report by Registrar Morgan T. Ryan.

NO IT DIDN'T

It is rumored in Springfield and Westfield that if Smith had secured the Democratic nomination for President at Chicago, Gov. Ely of Massachusetts would have had either the nomination for vice-president or a place in the cabinet. But things didn't work out that way.

ELECTED TREASURER

Mr. Merwin D. Birdsall elected Treasurer of the Village Improvement Society at the last meeting.

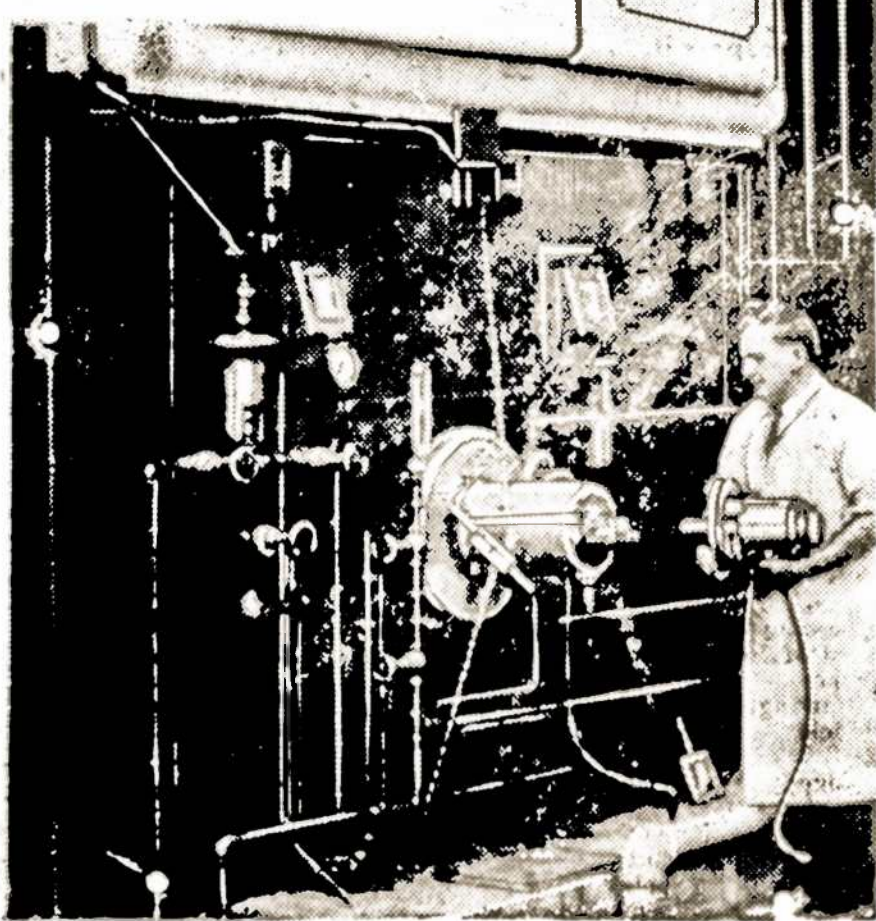

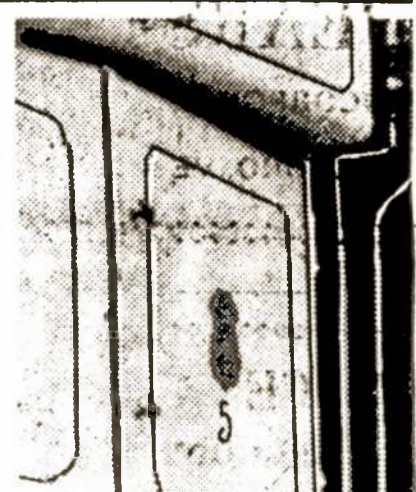

ANNOUNCES CANDIDACY

James A. Gunn of Turners Falls announced his candidacy for the representative nomination in the 3d Franklin district. Mr. Gunn is well known in his district as well as through the state.

Mr. Gunn has been one of the leading merchants of Turners Falls for many years, conducting a clothing store on Avenue A. He is also connected with the Crocker Institute for Savings in the capacities of trustee and chairman of the investment board. He has also been identified with the affairs of his home town as well as those of the county. He is a past governor of the 30th Rotary district and is active in a number of other organizations.

New Principle of Home Heating

THE efficiency and economy of oil burning that has prevailed in giant industrial installations is now available for even the smallest domestic furnace through the development of a new automatic oil burner for the home by the research department of the Petroleum Heat and Power Company. Photo shows giant industrial Petro burner installed in a 300 h. p. boiler and held in the engineer's hands is the new home size burner, which will burn the heavy, cheap grades of fuel oil as efficiently as the largest industrial burner. This will result in the saving of millions of dollars in heating costs to the home owners of America.

South Vernon

Miss Dorothy Gray entertained her friend Miss Porter from Springfield Mass. last week.

Miss Maud Radway spent the Fourth with her mother, in Newfane, Vt.

Mrs. George E. Tyler, since having rheumatism, has been suffering with a severe cold, but is now gaining. Mrs. Tyler is also ill.

A son was born to Mr. and Mrs. Loring Cowles on Saturday June 25.

Henry Harvey of Keene, N. H., has been spending several days with his brother and wife, Mr. and Mrs. A. A. Dunklee.

Mrs. Warren Dunklee recovered from tonsillitis, so as to be able to visit her parents for a few days, Mr. and Mrs. Frank Lackey in Vernon, Vt.

The South Vernon church services next Sunday are: 9.30 a.m. Church school. 10.45 a.m. Sabbath school. 7 p.m. Song service. 7.30 p.m. sermon by the pastor. 7.30 p.m. mid-week service at the Vernon Home, Thursday, 7.30 p.m. Wednesday July 13, service at the Vernon chapel.

The Southern Vermont, Northfield Club will have a basket pic-

nic at the home of Mr. and Mrs. Frank Harrison on the upper West Dummerston Road, Vt. next Saturday afternoon July 16. It is hoped that there will be a special program at this time. We are hoping that they will bring their "girls" with them, their families, including Hermon men may be present.

The many friends of Mr. and Mrs. Robert Norton, were sorry to hear that he passed away at their summer home in Plainville Conn. last Sunday evening. Mrs. Norton has the sympathy of the community in her hour of sorrow.

A number of friends gathered at the South Vernon Church on last Tuesday evening to celebrate Rev. and Mrs. George A. Gray's twenty fifth wedding anniversary which was on Wednesday June 9. The church was prettily decorated with beautiful ferns and roses. The "bride," carried a large beautiful spray of pink and white carnations and asparagus ferns. The bridesmaid, Mrs. A. H. Evans carried a spray of red roses.

Mrs. A. H. Evans and Mrs. A. A. Dunklee were the bridesmaids. A. H. Evans, A. A. Dunklee best men. An excellent program was carried out.

The first of the program was instrumental music by a quartet composed of Miss Margaret Johnson, pianist; Miss Dorothy Gray, cellist; Mrs. Bessie Dunklee, vibra-

phonist; Wm. Shattuck on his drums. Singing by the audience. Reading, Mrs. Bessie Dunklee; vocal solo, Miss Gertrude Gibson; piano solo, Miss Dorothy Gray; reading, Miss Eleanor Brown; vocal duet, Mrs. Gladys Shattuck, and Miss Ruth French; vibratone solo, Mrs. Bessie Dunklee; vocal solos, Mrs. Irene Smead. Remarks and a beautiful poem written for the occasion by Ernest W. Dunklee. Instrumental quartet. Remarks by Rev. Lester White of Mount Hermon. Fitting remarks by Rev. Frank H. Leavitt and he also made the presentation speech presenting Rev. and Mrs. Gray a handsome china tea set and a set of stainless steel knives and forks, given by their many friends and the townspeople.

Rev. Mr. Gray responded in well chosen words expressing their appreciation and gratitude for the gifts.

Dainty refreshments of cake and ice cream were served.

Mr. and Mrs. A. A. Dunklee and Rev. and Mrs. A. H. Evans assisted the pastor and his wife in receiving during the informal reception which followed.

There were many who expressed the appreciation of the community to the pastor and his wife in their earnest and faithful service and a desire that many more years of helpful and happy work may be granted them, here in this community.

Items Of Interest

Utilizing the facilities provided by their permanent state buildings at the Eastern States Exposition, the three northern New England states will present attractive and comprehensive exhibits of their agricultural resources at the forthcoming 16th annual fall exhibition from September 18 to 24 inclusive. Maine has begun construction of its display already, Vermont has outlined its exhibit and that of New Hampshire is in process of development.

The town of Rowe has arranged to borrow at 3.95 per cent the sum of \$5000 from the First National Bank and Trust Co. of Greenfield on notes in anticipation of taxes.

The comptroller of the currency issued a call for the condition of all National banks at the close of business June 30.

The fall meeting and outing of the Massachusetts Press Association will be held at the Cape Codder in Falmouth September 9 to 13, according to an announcement. Exceptionally low hotel rates for the entire outing have been secured by the committee and a good time is assured. Publishers who are urged to bring their families and friends and attend.

Some representative for the Northfield Herald will attend.

Candidate For County Commissioner

The nomination papers of Charles H. Holmes for county commissioner are being circulated throughout the county and are being readily signed. It is apparent that voters are eager to support a man of Mr. Holmes' type, whose experience and qualifications make him well suited for such a position. Many are also glad of the opportunity to protest the action of the present commissioners in putting over the new court house deal without proper consideration for the rank and file of voters of the county outside of Greenfield. It has also been 50 years since the eastern part of the county has been represented on the board and there is a feeling that this section should have voice in the proceedings which fall to this board. There is reason to believe that Erving, Orange, Warwick and other towns will stand solidly behind the candidate and from the western end of the county come indications of favorable support.

Face the Evening With a Smile

Of course you want to face the evening with a smile! If yours is a cool kitchen—one that stays that way because of cool electric cookery—you'll be ready to welcome the evening and the fun that it holds in store.

Whether you've spent the afternoon out, while your electric range took charge of the cooking, or remained at home and personally supervised dinner, you'll greet the evening as fresh as a daisy.

The heavy insulated electric oven keeps the heat inside, and the surface units concentrate the heat on the cooking operation. Your kitchen remains as cool as any other room in the house.

Electric cookery has many other advantages, too. You'll find all of them very much worthwhile.

A United States Senator was Tallulah Bankhead's first dramatic teacher.

Her instructor was her father, Senator William B. Bankhead, of Alabama, Miss Bankhead recently revealed while starring in the production of Paramounts "Thunder Below."

The lessons always were in Shakespearean roles, enacted in their home. Senator Bankhead always has been an admirer of the famous Bard and today is considered one of the nation's most thorough students of Shakespeare.

"Father used to train me in Shakespeare when I was at school long, long before I went to New York to try my fortune on the stage," the Paramount star states.

"Many are the times when I have been Juliet to his Romeo. It was extremely hard, because I always knew father was as familiar with my speeches as his own, and I worked in fear of forgetting."

Miss Bankhead's first public appearance was as a successful contestant in a beauty contest held by a Washington, D. C., publication. The judges made their award from photographs and Miss Bankhead has the beauty and personality that registers in that medium.

Adolphe Menjou is the most independent actor in Hollywood. He is bound by contract to no studio and being one of the few motion picture stars who has saved his money, is in position to choose the roles he regards as worthwhile.

Before he accepted the leading role in "Bachelor's Affairs," he refused parts in no fewer than a round dozen pictures, and during the production of this success, turned down three others.

Menjou is the nearest approach to the screen's boast of an international star. He speaks several languages fluently and is quite as much at home before European cameras as he is while playing under the microphone in this country. He is always in demand on both sides of the Atlantic.

In "Bachelor's Affairs," Menjou plays the type of role that has made him famous, one that is said to fit him like the clothes that have also added to his fame. He appears as a middle-aged, wealthy bachelor who, on an ocean liner, meets and falls in love with a beautiful girl from the country. She is accompanied by her more experienced sister who cleverly contrives the romance.

"WEEK ENDS ONLY"
"THE MIDNIGHT PATROL"

From a luxurious home to a tenement, and then in rapid succession to an elaborate speakeasy, a Greenwich Village apartment, an artist's studio, an Adirondack lodge and an ocean liner—these are the contrasting backgrounds against which Joan Bennett and Ben Lyon move in "Week Ends Only."

With a swift-moving romance that involves plenty of complications and a climax that remains in doubt until the final scene, this picture promises exceptional entertainment to local film patrons. John Halliday heads the supporting cast, which includes Walter Byron, Halliwell Hobbes, Allan Dinehart, John Arledge and Berton Churchill. Allan Crossland directed.

When Is a Plum Not a Prune?

Query Which Stumped George Rector Can Now Be Answered,
Judge Gordon Reports After Research Work

By JUDGE GORDON
Radio Food News Expert

GEORGE Rector and I conducted a cooking school out west, and after the session was over, housewives asked us all sorts of questions. Mr. Rector and I could answer most of them, but one stumped us. I can answer the question now as I have done some research work on it. "When is a plum not a prune?" was the question.

All prunes are plums, but all plums are not prunes. The prune is a "plum which can be dried without the removal of the pit without fermentation—the result being a fleshy pulp with a high degree of sweetness." Plums which will not do this are not prunes. No longer is the prune a lowly boarding house dessert. Imagine the recipes. Our radio experimental kitchen tried them on me, and they were great!

Frozen Prune Whip

1/2 cup prune pulp
1/2 cup orange juice
1 tablespoon lemon juice
1 egg white
1/4 cup sugar
Pinch salt
1 cup heavy cream

Prepare the prune pulp by rubbing cooked prunes through a sieve. Add the orange and lemon juice. Beat the egg white until stiff and then beat in the sugar. Add the salt. Fold into the prune mixture and add the cream, beaten until stiff. Turn into the freezing tray of a mechanical refrigerator, or pack in a mixture of 2 parts ice to one of salt. Let stand for 3 or 4 hours, or until frozen.

Spiced Prunes

1 pound prunes
1 quart water
1/4 teaspoon salt
1 cup sugar
1/2 teaspoon whole allspice
1/2 teaspoon whole cloves
3 inch pieces stick cinnamon
1/2 cup vinegar

Soak the prunes over night in the water. Add the salt, sugar, and the spices tied in a cheesecloth bag. Simmer for 15 minutes, then add the vinegar and cook until the syrup is thick. Serve as a relish with meat.

Five cooks have made it the most popular dessert. Last year in California and Oregon, the prune centers of the United States, approximately 40,000,000 pounds of prunes were produced. The prune is America's most economical luxury, as well as being exceedingly healthful. It is rich in vitamins A and B, and in iron, calcium and phosphorus. even the piebald stewed prune is rich in these health-giving elements. Of course, some imagination is necessary to make a tempting side dish or dessert but the result can be truly delightful. I like prune whip, and I like spiced prunes as a relish. Here are

New Highway Will Open Traffic To East's Only National Park

THE U. S. Department of the Interior is opening to motorists the only National Park East of the Mississippi, Acadia National Park, on Mt. Desert Island, Maine. On July 4 a fine new highway leading to the summit of Cadillac Mountain, 1,532 feet, the highest point on the Atlantic Seaboard will be officially opened. The new highway replaces an early buckboard road long since washed away, which, in turn, followed a trail blazed by Indians to the summit. Thousands of motorists will attend the opening. Acadia National Park is as rich in historic lore as in panoramic

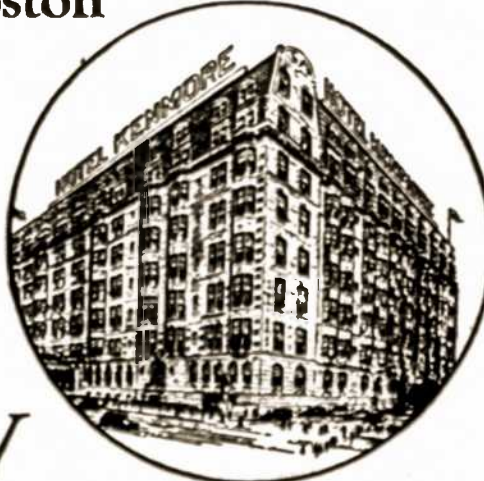

type. In building the road native granite was quarried from a fifty-foot cut on Cadillac Mountain and through which it passes. The pink granite finish of the road harmonizes with the guard stones and the picturesque panorama. There are ample observation stages at which cars can stop while their occupants enjoy the far-flung view of rocky coastal inlets and spreading ocean.

Engineers have pronounced the type of construction ideal for National Park work, especially where mountains are encountered. The road is non-skid even in wet weather, with reasonable prudence.

A Stretch of the New Cadillac Mountain Highway beauty and was discovered in 1604 by Champlain who named it the "Island of Deserter Mountains." Under French, English, and American Colonial ownership, until 1919, it became a national park by private gifts to our government. The Rockefellerers were important contributors to this beautiful natural recreation ground on the rocky coast of Maine. The Bureau of Public Roads supervised construction of the new highway which is of the penetration macadam method, penolithic

New Principle of Home Heating

THE efficiency and economy of oil burning that has prevailed in giant industrial installations is now available for even the smallest domestic furnace through the development of a new automatic oil burner for the home by the research department of the Petroleum Heat and Power Company. Photo shows giant industrial Petro burner installed in a 300 h. p. boiler and held in the engineer's hands is the new home size burner, which will burn the heavy, cheap grades of fuel oil as efficiently as the largest industrial burner. This will result in the saving of millions of dollars in heating costs to the home owners of America.

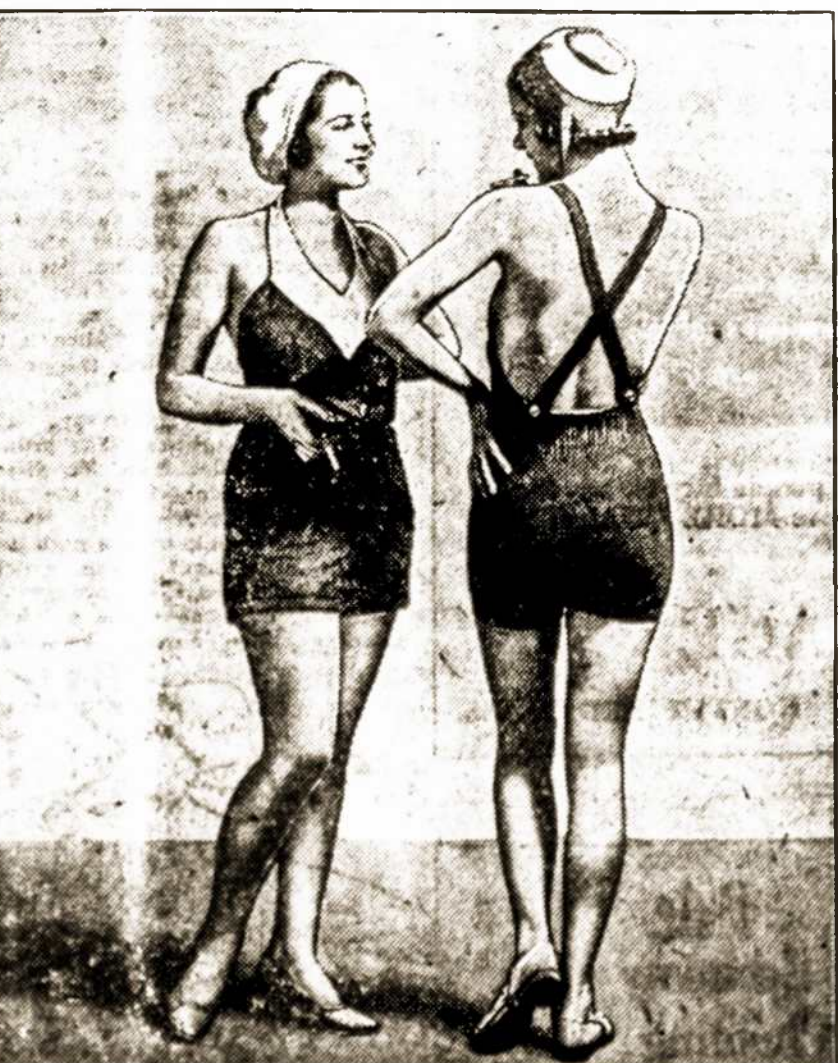

Bermuda-New York Air Service

LAY PLANS FOR SEA AIR ROUTE.—J. P. Hand, chairman of the Bermuda Trade Development Board (left) and J. T. Trippé, president of the Pan-American Airways, announce following conference that fast air passenger service between New York and Bermuda is planned. The trip, now taking two days, will be made in 10 hours. It is expected that the Imperial Airways, Ltd., will join the project, that ultimately a trans-Atlantic service, with Bermuda as a landing and rest station, will be established.

Something New Under the Sun

ADVANCE fashion information indicates that bathing suits will be scantier than ever this year—mere wraps compared with the billowy garments worn on the beaches only a few years ago. Pictured above are two of the very latest styles in bathing suits which suggest that coats of tan will be more extensive this summer. And, in these modern days, of course, while enjoying the sunshine between swims, both men and women bathers will be reaching for cigarettes and inhaling the toasted smokes that are as kind to their throats as these 1932 bathing suits are to the eyes. The modern garments however are not only ornamental. Fashion experts say that the 1932 bathing suits are designed with an eye to utility as well as to beauty.

For example, Miss Dorothy Shaver, vice president of Lord and Taylor, one of New York's greatest department stores, and an acknowledged authority on styles, says, "The modern woman wants to swim when she goes to the beach and she can't do much swimming if she is burdened with yards and yards of cloth. The 1932 suits, therefore, are swimming suits. The new strap back design illustrates this. Solid colors will be popular this year, as usual, although the new suits offer many striking color combinations."

Just as soon as the weather gets a little warmer, the new styles in swimming suits will be making their appearance on sun-kissed beaches from the Atlantic to the Pacific and it looks as if it would be as interesting summer.
